
Press Release

Plustek Security will Showcase its Latest Video Surveillance Solution at IFSEC International 2014

Standalone NVRs and MVRs that features 'EasyLink,' design to make remote access simpler and more efficient

TELFORD, April, 28nd, 2014 – Plustek Inc., (<http://plusteksecurity.com/>) a leading manufacturer of embedded surveillance management devices, will exhibit its new high-definition Network Video Recorders (NVRs), X840P/X880P, Mobile Video Recorders (MVRs) Mobile VX-C540/C580, as well as the latest SecuScan X150, a compact passport MRTD scanner at IFSEC International during June 17-19, 2014 [Booth G2255].

Plustek NVRs, featuring EasyLink application, is design to make remote access simpler and more efficient by eliminating the need for DDNS and problematic network configuration. The unique IP surveillance recorders enables businesses to easily install a HD video surveillance without costly IT and technical knowledge. Instantly connect to the NVR for live-view browsing and accesses recorded video and can also be connected through Plustek's smartphone mobile apps.

Plustek will also demonstrate the Mobile Video Recorders (MVRs), VX-C540/C580– the all-in-one recording solution for mobile and vehicle surveillance during the exhibition. The versatile Mobile VX-C540/ VX-C580, a series of surveillance recorders fully integrated with 3G/4G module and high speed WiFi/HotSpot, provide management real-time monitoring access and storage backup needs even when network infrastructure is not available.

In addition, Plustek will also be unveiling SecureScan X150, a compact and scanner for MRTDs (Machine Readable Travel Documents). It scans TD1, TD2 and MRP (passport) documents in a second, up to 500 dpi in visible, infrared and ultraviolet spectrums.

We cordially invite you to visit Plustek Security at Booth #G2255, ExCeL London, UK from June 17 to 19. Additional product information and photos can be found by visiting, <http://plusteksecurity.com/products/nvr/>. Members of the press interested in a briefing at Plustek's Booth [G2255] should contact Susan Chueh at susanchueh@plustek.com.tw.

About IFSEC International

IFSEC International Exhibition is an annual exhibition bringing together the entire security buying chain in one place, moving to the heart of the UK in ExCeL London. The show attracts more than 650 leading international and domestic security product manufacturer companies and over 24,000 security professionals to UK each year. For more information, please visit www.ifsec.co.uk.

About Plustek Inc.

Plustek Inc. manufactures and delivers high-quality security surveillance products. In business since 1986, Plustek began as an original equipment manufacturer (OEM) for many large companies, creating an innovative array of products including: scanners, IP cameras, servers and imaging-related devices. Through a combination of design innovation and strict attention to usability and manufacturing quality, Plustek has grown to become one of the largest image solution providers in the world. Plustek is the proud member of ONVIF, also member of ESA (Electronic Security Association) and SIA (Security Industry Association). For more information, please visit www.plusteksecurity.com
